# BOTTEGA

*The Maestros of Venice*

Compete for work on the landmarks of Renaissance Venice
Build equipment to improve your workshop, and craft magnificent inventions.

| PLAYERS | PLAY TIME | AGES | MECHANICS |
|---|---|---|---|
| **1-2** | **45 min** | **14+** | **Dice-as-workers / Tableau building / Resource management** |

**1. PLACE**

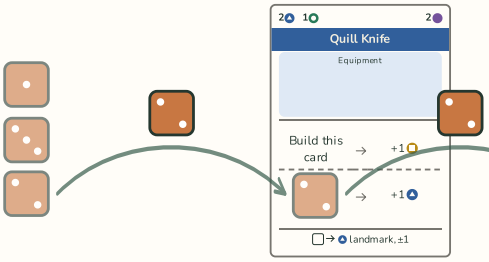

### Place your workers

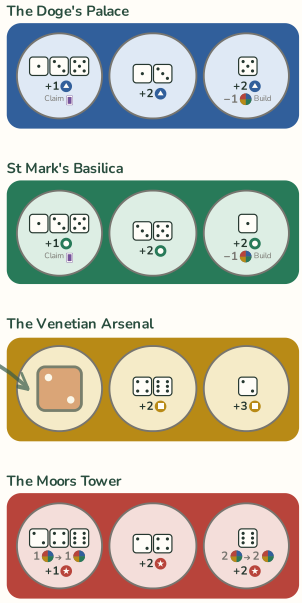

Match a worker's value to a landmark spot and collect its rewards. As spots fill up, the requirements and rewards rise. Landmark spots fill left to right.

**2. BUILD**

### Improve your workshop

Spend resources to buy equipment. Add new worker spots and abilities to your tableau, then combine them into a more powerful workshop.

### 3 workers, many possibilities

In a single round, a worker can be placed on equipment, and travel onward to a landmark spots. Plan carefully to maximize the effeciency of each worker.

**INSIDE THE GAME**

### Put Venice on your table

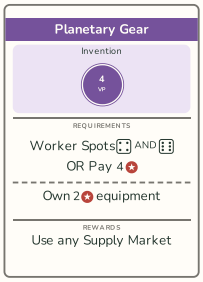

**1** Game board with landmarks and markets
**3** four-sided blocker dice
**6** six-sided worker dice
**24** invention cards
**44** equipment cards
**80** Ressource Tokens

**3. INVENT**

### Build toward something extraordinary

Claim inventions, assemble the right equipment and worker placements, then fulfill them for rewards and victory points.

**Equipment, inventions and resources all count towards the final score. The most accomplished maestro wins.**
